## DECEMBER RECAP

Although December could be considered as one of the most stressful months as finals are approaching and college applications are due, ASB members have held a number of events to celebrate the holidays and help students cope with the stressful times.

Sabrina, Joy, and Sophie organized a Viking Holiday Fest. This event was split into two categories: one of which is an online baking competition, and the other one is an ugly sweater competition. This event, especially the baking competition, had an extremely high participation rate.

Diana also organized a Finals movie night, where students could join a zoom meeting and select different breakout rooms where different movies are playing.

Baking Competition: Winter Pickett (Senior)

Ugly Sweater: Alexis Chiu (Sophomore)
