OCTOBER

SEPTEMBER RECAP

Although the pandemic has brought difficulties towards the organization of new events, ASB officers have worked rigorously this month to provide Paly students with fun activities and events.

First, ASB Club Commissioner Johannah Seah organized a virtual club day that hosted more than 100 different clubs. Through meticulous planning, students were able to join their desired club with the information on the google slides and a live zoom meeting.

Furthermore, Senior Class President Emma Lin organized a reoccurring transfer student lunch, where new transfer students could hangout and socialize with ASB members and volunteers.

Lastly, PAUSD Board Representative Medha Atla has done an amazing job communicating and representing the student body to the school board. The notorious Monday bell schedule discussion was also frequently brought up during the board meetings.

ASB CHECK-IN

VIKING WEEK PREPARATION

- Virtual activities such as tiktok or instagram challenges
- Different fun tasks throughout the week
